REPORT OF THE SCHOOL DEPARTMENT

— 0 —
Kennebunk, Maine, February 1, 1945.

To the Superintending School Committee of Kennebunk:

I submit to you at this time the annual report of the Superintendent of Schools.

The School Census of April 1, 1944, lists 630 boys and 585 girls, a total of 1215 persons between the ages of five and twenty-one years in the town on that date. There were 778 enrolled in the schools of Kennebunk in the fall.

The changes in the list of high school teachers are enumerated in the accompanying report of the principal.

At the Cousens School, Miss Elizabeth Hawkins has taken over the room formerly in charge of Miss Phyllis Dyer who left us to join the WACS. Miss Marybelle Wood began the year as the new primary teacher at West Kennebunk. She was, however, compelled to return to her home in Toledo which left a vacancy at the West Kennebunk School. We are glad that Mrs. Helen Curtis has consented to help us and is teaching in the primary room, replacing Miss Wood.

We now have a music supervisor, Miss Ruth Perkins, who transferred here from Wells and Kennebunkport.

Some repairs have been made but many desirable improvements were delayed by lack of workers and material.

Due to increased costs, we are compelled to ask for some increases in certain appropriations.

I am glad to report that overdrafts have been avoided in all but two accounts, those of domestic arts and manual training. Larger appropriations are necessary to carry on those departments under the present set-up.

We are having obstacles to overcome in our work of education as well as in the ordinary matters of living. I think there is a common realization of the difficulties and an understanding that, until better times, improvements are slow and hard to obtain.

Yours respectfully,

JOHN S. CARVER.

REPORT OF HIGH SCHOOL PRINCIPAL

January 30, 1945.

Superintendent John S. Carver.

Dear Sir:

I hereby submit to you the report of the principal of Kennebunk High School.

In this war year, with teachers at a premium and where in

some Maine communities, high schools have either been forced to use inexperienced teachers or even no teachers at all in some departments, Kennebunk can boast of one of the best trained and most experienced teaching staff in several years. Mr. Maynard, our sub-master, has proven himself an excellent leader of youth and an inspiring teacher. Mrs. Nunan, social studies teacher, previously at Farmington High, and Miss Googins, instructor in Home Economics, formerly at Livermore Falls High, are most ably carrying on the work of their respective departments. The return of Mrs. Forest Maguire, a popular and efficient teacher, was pleasing to faculty and students alike. Mr. Kenneth Hobbs, last year at Old Orchard High, completes the group of new teachers and is carrying on his shop work with energy and insight. These, with our veteran teachers, form a progressive, cooperative, and efficient group.

It is pleasing to note that the morale of the high school this year is unusually high, partly due to the fact that students have realized that they can be of more benefit to the war effort in the end by staying in school as long as possible. We shall lose comparatively few students this year to the armed services or to industry.

Several diplomas have already been granted students who have entered the armed services before graduation. This has been done according to regulations made by the State Department of Education. Others in the service at the present time are qualifying for diplomas.

A change has been made in the ranking system so that ranking periods are nine rather than six weeks in length with a warning at mid-period.

A new and timely subject—Global Geography—has been offered to Juniors and Seniors. Mechanical Drawing and Shop Mathematics have been incorporated as part of the shop course itself and not as separate subjects. It is planned to enlarge the scope of the shop course to include some auto mechanics and heavy metal work, but it will necessitate additional shop room. Space either in the so called “bus room” or under the main building could be made available for this purpose.

Respectfully submitted,

LAWRENCE L. PAGE.

REPORT

OF THE

Electric Light Department

Your Commissioners report a very successful year, in fact reaching a greater gross revenue than ever in its history.

This success can in a great measure be attributed to ever increasing demand for its present and potential uses, as also able management.

Our employees have proved a very faithful body and have stayed with us, without complaint in the face of much higher Government wages.

Treasurer Oliver E. Curtis has devoted much time to collections and the final result is six uncollected bills, which we think a wonderful record.

We are building our faith on the supposition that the war will soon be over and that our planned improvements will fit into the National scheme of developments and rehabilitation.

All facts and figures of administration you will find appended.

Signed

GEORGE E. COUSENS,
FRANK M. JENNINGS,
EDGAR A. BOWDOIN.

Board of Engineers

There have been 72 alarms this year, 20 box and 51 still alarms not including forest and grass fires.

Have purchased helmets for Washington Hose.

The West Kennebunk engine house has been shingled.

Much work has been done on the trucks and the alarm system has been thoroughly checked over. Also more fire alarm cards have been bought, a thousand feet of 1½ inch hose, five hundred feet of 2½ inch hose and one 15-lb. CO-2 extinguisher.

Respectfully submitted,

CHARLES H. CURRIER,
Chief Engineer.

Ralph O. Evans,
Sidney E. Towne,
Clyde E. Rand,
Assistant Engineers.

Park Commission

The Park Commission wishes to again thank Mr. Ernest Brown, the road commissioner, and his men for taking care of the lawns of the parks and playground during the past year so well.

The commission removed several dead trees which were considered in a dangerous condition, and there is some tree work which we had hoped to do but could not get done because of labor shortage.

We are asking for the usual appropriation of \$800.00 as there is much work to be done if labor is available in 1945.

FRANK RUTTER.

ROBERT T. DAVIS.

ELLIOT ROGERS.

Report of Health Officer

To the Selectmen and Voters of the Town of Kennebunk the Health Officer submits the following report:

There has been little sickness during the past year.

At the present time there is an epidemic of mumps. It has broken up the schools as all children are obliged to stay in quarantine two weeks.

The general condition of sewerage is good. The few cases of non-conformation to the town ordinance have been complied with.

The town is to be congratulated on its general health.

EDGAR S. HAWKES, M. D.,

Health Officer.

Report of Milk Inspector

To the Citizens of Kennebunk:

Our milk supply is locally produced and continues to be above the state requirement by a wide margin. The customers have their choice of raw or pasteurized. The sanitary conditions under which it is produced are good.

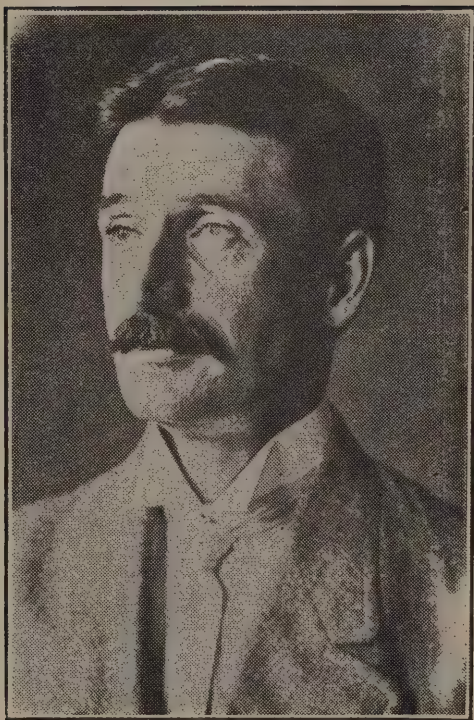

The Federal Government inspectors made tests during the year and found no reactions. r

It is gratifying to know that in the face of the labor shortage our dairymen continue to maintain their usual production.

ALBERT P. DAY,

Milk Inspector.

AUDITOR'S REPORT

February 5, 1945.

To the Inhabitants of the Town of Kennebunk:

In accordance with the request of your municipal officers, we have completed an examination of the records and books of account of the

TOWN OF KENNEBUNK

for the municipal year ended December 31, 1944, and submit herewith the following exhibits and supporting schedules reflecting the results of the operations of your municipality for the year ended December 31, 1944, together with the financial condition of the town as at that date.

EXHIBIT

- A Balance Sheet
- B Cash Receipts and Disbursements
- C Analysis of Change in Net Deficit
- D Statement of Departmental Operations

SCHEDULE

- 1 Reconciliation of Cash Balance
- 2 Analysis of Changes in Uncollected Taxes
- 2-a Summary of Uncollected Taxes
- 3 Analysis of Changes in Tax Liens and Deeds
- 3-a Summary of Tax Liens and Deeds
- 4 Trust Funds
- 5 Bonds Payable

In the course of our examination, we examined or tested the records of your town officials, but did not make a detailed audit of all transactions.

We are submitting herewith comments covering the following items contained in Exhibit "A":

CASH

The balance of \$53,041.03 was verified by confirmation with the depository bank, the reconciliation of same is shown on Schedule 1. Included therein is the \$9,800 received from the Boston and

Maine Railroad Company resulting from an agreement made whereby the town is to use this amount in its removal of the several bridges which are being abandoned by the company.

It will be noted on Exhibit "A" that this amount has been segregated in order to show the general cash balance available for current use.

UNCOLLECTED TAXES

TAX LIENS AND DEEDS

We have verified the tax commitment to the Collector for the year and have ascertained that all taxes have been properly accounted for, either in cash, abatements, or still outstanding on the Collector's records.

The tax lien and deed record was examined and all payments, as indicated by the Treasurer's receipts, were checked and found credited to the proper items.

No mail verification was made of any unpaid items; all outstanding tax accounts are summarized on Schedules 2 and 3.

ACCOUNTS RECEIVABLE

The detail as shown on Exhibit "A" were outstanding as at the close of the year and are considered collectible.

CAN INVENTORY AND EQUIPMENT

The amount of \$244.96 represents the value of the cans on hand, and also the cost of the hot water heater purchased during the year.

TRUST FUNDS

Trust fund investments consisted of savings bank deposits which were found substantiated by bank books. It will be noted on Schedule 4 that all interest earned, since the origin of each fund, has been allowed to accumulate, no withdrawals having been made.

BONDS PAYABLE

During the year serial maturities amounted to \$9,500, of which \$3,500 represented the final payment of the West Side School bond issue of 1934. The detail of outstanding bonds is shown on Schedule 5.

GENERAL

Excise tax collections were verified and proper remittances made currently to the Treasurer.

All payments received from the State of Maine were verified by reference to the records of the state.

Vouchers test checked were found to have been properly recorded and substantiated by paid checks.

With the exception of cash, trust funds and receipts from the state, no external verification was made of your asset and liability accounts.

We wish to offer our appreciation for the courtesy extended to us during the course of our examination.

Respectfully submitted,

MICHAEL A. NAPOLITANO CO.

The Selectmen's Word

IN MEMORIAM

During the past year death claimed three of our citizens: two who had formerly served the town, William D. Hay as Electric Light Commissioner and Milk Inspector, George A. Gilpatric as Moderator, and Ralph P. Mitchell, who was serving as School Committeeman at the time of his death.

SEA WALL

The heavy seas in November did considerable damage to the Sea Wall and Highway at the beaches. Temporary repairs were made to the highway and it will be necessary to make repairs to the sea wall this spring.

EASTERN RAILROAD OVERPASSES

The Eastern Division of the Boston and Maine Railroad, having received permission to discontinue its tracks, requested the town to take over the four overhead bridges located in Kennebunk. Your Selectmen had a survey and estimates made for the eventual removal of the bridges and restoring of grades to their normal lines. This cost was estimated by the engineers to be \$9,800.00. The Railroad agreed to pay the town this amount and at a Special Meeting called in December the Town voted to accept the proposition and necessary papers have been passed and the money received to do this work when it is deemed advisable.

Our Road Commissioner, Mr. Ernest W. Brown, resigned in May to enter the employ of the State Highway Department. Mr. Norman H. Stevens, Selectman from the Lower District, agreed to take over as Commissioner for the remainder of the year.

Due to increased cost of living it was found necessary to increase wages from \$4.50 to \$5.00 a day for labor, and by so doing we have been able to hold a limited number of men for town work.

JOHN N. BALCH,
NORMAN H. STEVENS,
TRUMAN I. LITTLEFIELD,
Selectmen of Kennebunk.

JOHN N. BALCH,

NORMAN H. STEVENS,

TRUMAN I. LITTLEFIELD,

Selectmen of the Town of Kennebunk.

REPORT OF THE BUDGET COMMITTEE

To the Citizens of Kennebunk:

The Budget Committee has been faced with a number of increases in many of the Articles in the Town Warrant. The School Committee has asked for increases in a number of their Articles due to the raise in teachers' salaries and the new course of Metal Shop work which is to be installed in the high school.

The sea wall damage at Kennebunk Beach caused by last fall's storm, for which the committee recommends the amount of \$6,000 appropriation to make necessary repairs, is another item which has increased the recommendation of the committee from the 1944 figure of \$101,073.00 to \$112,024.78 for 1945. This amount does not include the State and County tax which have not been

112' ANNUAL REPORT OF OFFICERS

assessed yet, but by following the recommendations, it is believed that the tax rate will be \$44.00 per thousand.

The Committee expresses thanks to the Town officers and also the various interested citizens who appeared at the meetings and have assisted the committee in making our report.
